Equipment List

SOUND

Product Name	Description	QTY
D&B Audiotechnik J8	Compact flagship line array delivering exceptional clarity and precise directivity control. Ideal for large-scale concerts, arenas, and festivals.	24
D&B Audiotechnik J12	High-power line array designed for the largest venues. Provides maximum output, long-throw performance, and even audience coverage.	12
D&B Audiotechnik J-SUB	High-performance subwoofer offering powerful, controlled low frequencies for touring and large-scale sound systems.	20
D&B Audiotechnik J-INFRA	Ultra-low-frequency infrabass system for stadiums and festivals, delivering deep, physical low-end impact with outstanding control.	4
D&B Audiotechnik V8	Compact line array for mid-size concerts and events, combining precision, power, and flexibility.	12
D&B Audiotechnik V12	Full-size line array with extended throw and higher SPL, ideal for large venues and outdoor applications.	4
D&B Audiotechnik V-SUB	Dedicated subwoofer providing tight, punchy low frequencies for V-Series systems.	6
D&B Audiotechnik M4	Premium stage monitor with exceptional clarity and natural sound, trusted by top touring artists worldwide.	8
D&B Audiotechnik D80	Flagship 4-channel DSP amplifier delivering maximum power, control, and reliability for J- and V-Series systems.	30
D&B Audiotechnik D12	Compact DSP amplifier for monitors and small to mid-scale systems, offering proven d&b reliability.	12
D&B Audiotechnik R70	High-precision wireless remote control and monitoring solution, enabling real-time system management.	1
Yamaha CHR15	High-power passive loudspeaker delivering clear, balanced sound for live events, rentals, and fixed installations.	2
Yamaha CXS18 XLF	High-output subwoofer designed for deep, punchy low frequencies in live sound and professional event applications.	2
Yamaha PX5	Lightweight Class-D power amplifier with DSP, providing efficient performance and reliable system control.	1
Yamaha PX10	High-power Class-D amplifier with advanced DSP, delivering increased output and stability for demanding sound systems.	1

LIGHT

Product Name	Description	QTY
CKC Tourist M9 1400 led	High-output moving head beam fixture designed for large stages, delivering sharp beams and strong visual impact.	32
CKC VH5B IP 420w	Weatherproof moving head with powerful Osram lamp, suitable for outdoor events and professional concert applications.	50
CKC ZB19X IP 19X60 RGBW LED	IP-rated wash/beam fixture providing intense output and rich RGBW color mixing for indoor and outdoor use.	50
CKC IP Blinder DTW2 (2 × 175W LED)	High-power LED blinder delivering warm, audience-facing light for dynamic stage and crowd effects.	25
CKC AK M Blast 1224X1,5W RGB LED+ 432X5W CW LED	High-density LED strobe/blinder fixture combining powerful RGB effects with bright white light for dramatic visual moments.	34
LH-E048 10X60W RGBW LED	Linear LED bar providing uniform color washes and pixel effects, comparable to ACME Super Dotline fixtures.	50
JEG 2200E 1000W LED+stand	Powerful LED follow spot delivering bright, focused illumination for performers and key stage moments.	4
CKC W700 IP 50X15W RGBW LED	High-output IP-rated wash light designed for large outdoor stages and wide area coverage.	24
CKC W350 IP (24 × 15W RGBW LED)	Compact IP-rated wash fixture offering balanced output and smooth color mixing for versatile stage lighting.	16
CKC LPAR 18 (18 × 20W RGBL LED)	LED PAR fixture with vivid colors and strong output, ideal for stage washes, uplighting, and architectural accents.	50
Laser bar red tilt	Linear red laser effect with tilt movement, ideal for dynamic beam effects and accent lighting.	6
grandMA2 Full Size (Original)	Flagship lighting console offering maximum processing power and full control for large-scale concerts, tours, and festivals.	2
grandMA onPC (Chinese Version)	PC-based lighting control system providing flexible and cost-effective control for professional lighting setups.	1
grandMA NPU (Original)	Original Network Processing Unit expanding parameter count and processing power for grandMA onPC systems.	3
grandMA NPU (Chinese Version)	Compatible NPU solution for grandMA onPC systems, increasing output capacity and system performance.	3
RDM Splitter 8	DMX/RDM splitter distributing signal reliably to multiple lighting lines with remote device management support.	8
Die-Cast 6DX Distributor	Robust DMX signal distributor housed in a durable die-cast enclosure for stable and protected signal routing.	8
ArtNet-8	Eight-universe Art-Net to DMX node enabling reliable network-based lighting control and data distribution.	6

VIDEO

Product Name	Description	QTY
Gloshine LE3.91 outdoor 500X1000	Standard LED cabinet designed for large-format video walls, offering high brightness, stability, and seamless image assembly.	367
Gloshine LE3.91 outdoor 500*500mm	Compact LED cabinet providing flexible configurations for stages, backdrops, and creative video layouts.	32
Gloshine Led screen cabinet angle 500X250	Angled LED cabinet enabling curved and custom-shaped LED screen designs for creative stage visuals.	49
NovaStar MX40 PRO	High-performance LED video processor supporting advanced scaling, multi-input management, and complex screen configurations.	2
NovaStar VX1000	All-in-one LED controller combining video processing and sending capabilities for reliable live event operation.	7
NovaStar CVT10-S	Fiber converter extending LED signal transmission over long distances with high stability and low latency.	8
Resolume Arena Server	Professional real-time media server for live events, concerts, and installations, enabling seamless playback, mapping, and control of video content.	2
Blackmagic DeckLink 8K Pro G2 (with I/O plate and cables)	High-performance capture and playback card supporting up to 8K workflows, ideal for live production, media servers, and broadcast applications.	2
Blackmagic Design ATEM Television Studio Pro 4K	Professional live production switcher enabling multi-camera switching, streaming, and broadcast-quality video control in 4K environments.	1

SFX

Product Name	Description	QTY
DJ Power H-IP3000 (2500W)	High-output, IP-rated fog machine designed for outdoor events and large-scale productions.	6
DJ Power H-4000S (3000W)	Powerful fog machine delivering dense and consistent smoke output for concerts and major event applications.	2
DJ Power H-3 (1100W)	Compact fog machine suitable for small stages, clubs, and indoor events.	2
DJ Power DHZ-660	Professional haze machine producing fine, even atmospheric haze for lighting and beam visibility.	6
DJ Power H-9	High-performance haze machine designed for large venues, ensuring uniform atmospheric coverage.	8
Low Fog machine	Ground-hugging fog effect creating a dense, low-lying mist for dramatic stage entrances and atmospheric scenes.	2
Cold Spark Fountain Machine	Safe, sparkular-style effect creating cold spark fountains for dynamic stage moments and indoor-safe use.	8
CO_2 Jet (8 m)	High-impact CO_2 effect producing powerful vertical white plumes up to 8 meters, ideal for concerts and large-scale stage moments.	8
CO_2 Tank (40 L)	High-capacity CO_2 cylinder supplying stable pressure and reliable operation for CO_2 jet effects.	8
Mirror Ball 100 cm (40")	Large-scale mirror ball creating classic reflective light effects, ideal for concerts, clubs, and special event atmospheres.	1

VIDEO & BROADCAST

Product Name	Description	QTY
Blackmagic URSA Mini 4.6K + cage + handle + CFast Cards	Cinema camera with rich dynamic range and true film look. Built for professional live production and cinematic shooting.	2
Blackmagic PCC 6K + cage + AC	Compact cinema camera delivering sharp 6K images and cinematic depth. Perfect for handheld and stage shooting.	2
Black Magic PCC 4K + cage + AC+ EF adapter	Versatile cinema camera with professional color science. Reliable choice for multi-camera live setups.	2
Sony FS7 mk2 Broadcast Kit	Industry-standard broadcast camera trusted for TV, concerts, and live events worldwide.	1
Sony FS5 mk1	Lightweight and flexible camera for run-and-gun and live event production.	2
Sony FX30	Next-generation cinema camera with advanced autofocus and cinematic image quality.	1
Camera Micro SDI	Stable SDI signal transmission for professional live video workflows.	4
Sony FE 200-600mm f/5.6-6.3 G OSS	Super-telephoto zoom lens for long-range shots with excellent sharpness and stable image control. Ideal for large stages and festivals.	1
Sony E PZ 18-110mm f/4 Parfocal G OSS	Professional parfocal power-zoom lens designed for broadcast and live production. Smooth zoom, constant focus, and cinematic control.	1
Blackmagic ATEM Television Studio Pro 4K UHD Live Production Switcher, 8X 12G-SDI Inputs	Powerful 4K live production switcher for complex multi-camera broadcasts and concerts.	1
Blackmagic ATEM Production Studio 4K	Reliable 4K switcher for professional live production and event control rooms.	1
PC Video server for online broadcast (Vmix, OBS)	Professional video server for live streaming, recording, and online broadcast.	1

CONSTRUCTION

Product Name	Description	QTY
SCAFFOLDINGLayer Stage Deck2000X1000 mm	Size: 1*2M * Finish：non-slip * Color: black * Plywood thickness: 12mm * Load capacity: 800 kg/㎡	548
Ledger's 2500mm, 2000mm, 1500mm, 1000mm, 500mm	48.3 x 2.75 mm, BLACK COLOR (Electrolize + CR Galvanised)	>3000
H-Diagonal Brace 2000X2000mm, 2000x1000mm, 1000x1000mm	42*2.5mm BLACK COLOR (Electrolize + CR Galvanised)	>900
V-Diagonal Brace 2500X2000, 2000x2000, 2000x1500, 2000x1000, 1000x1000	42*2.5mm BLACK COLOR (Electrolize + CR Galvanise)	>1500
Square truss 40	Main tube: 50x3mm, brace tube:20x2mm , BLACK COLOR POWDER COATING METHOD	102
Square truss 30	Main tube: 50x3mm, brace tube: 20x2mm, BLACK COLOR POWDER COATING	290
Chain hoist 2,0t 24m	Electric CainHoist, 2.0T/24M D8+ 5 pin	11
Chain hoist 1 t 16m	Electric CainHoist, 1.0T/16M D8+ 5 pin	38
Chain hoist 0,32 t 16m	Electric CainHoist, 0,32 T/16M D8 2DC brakes 5 pin	12
Mojo Aluminum Crowd Barrier - Section STRAIGHT (Bolt connection)	1. Material:Aluminum 2. Size:1.0(W)*1.25(D)*1.2(H)m 3. Folding size：1265*1100*180mm 4. Weight：34KG BLACK COLOR POWDER COATING	80
Mojo Aluminum Crowd Barrier - Section Corner IN / OUT 1	Material:Aluminum 2. Degree: 135° BLACK COLOR POWDER COATING	8
Mojo Aluminum Crowd Barrier - Section Door	1. Material:Aluminum 2. Size:1.0(W)*1.25(D)*1.2(H)m 3. Folding size：1265*1100*180mm 4. Weight：28kg BLACK COLOR POWDER COATING	6
